The rise of media Streaming has accelerated the downfall of DVD rental companies such as Blockbuster. In July 2015 an article from the New York Times published an article about Netflix's DVD services. It stated that Netflix is continuing their DVD services with 5.3 million subscribers, which is a significant drop from the previous year. I read Walk Two Moons as part of the "literature circle" for my 6th grade son's class. Some Newbery Award winning books are just not my cup of tea being that I am about 25 years older than the book's intended audience. However, for some books it doesn't matter what age you are. They just are great stories told well. Walk Two Moons is just a fantastic book about a young girl's journey. Highly recommended.
